## SPEAKING HERE NEXT MONDAY

Hon. John W. Newman and Hon. J. N. Kehoe Will Address Democrats of Lawrence County Oct. 19.

On next Monday the Democrats of Lawrence county will have the opportunity of hearing two of the best speakers in Kentucky discuss the issues of the present campaign. Their names are Hon. John W. Newman, Kentucky's live Commissioner of Agriculture, and Hon. James N. Kehoe, the popular ex-Congressman of this district. They will tell you much that is new and interesting about affairs throughout Kentucky and the nation. The State committee is sending these able men here in response to a call from the Democrats of this county and in recognition of the loyalty of the party in Lawrence.

Mr. Newman is well known throughout the State and nation on account of his effective and progressive work in the interest of agriculture. He is a "live wire" and the farmers will find him especially interesting. Mr. Newman is well educated, and thoroughly informed upon all the issues of the day. He is a practical and enthusiastic farmer and owns and operates a good farm in Woodford county.

Mr. Kehoe needs no introduction to our people. He has represented the Ninth district in Congress so ably and satisfactorily that all our people know and admire him. In ability as a public speaker he ranks with the best of them. He is very popular in this county and his many friends will be glad to see and hear him again. Mr. Kehoe is not actively engaged in politics now, but he always responds to the call of his party as a speaker when possible.

The speaking will take place at the court house in Louisa beginning at one o'clock. Remember the date and don't fail to hear these prominent men.

### INTERESTING PROGRAM AT M. E. CHURCH SOUTH.

The morning service at the M. E. Church South on Sunday last was marked by several features of unusual interest. The building was crowded, and the large audience listened with marked attention to the following program:

Anthem.  
Hymn No. 630 to No. 5.  
Apostles Creed.  
Prayer.

Song by Junior Class No. 2, No. 227 in Precious Jewels.

Responsive Scripture reading by Junior Class No. 1, Psalm 96.

Scripture reading by Young People's Society, I Chron. 16, 23-24; Psalm 18, 49; Psalm 96, 3; Psalm 96, 10; Isaiah 43, 6-7; Matt. 24, 14; Matt. 28, 19; Mark 16, 15; Luke 24, 47; Rev. 14, 6-7.

Responsive Scripture reading by Woman's Society led by the President, Jonah 3, 1-9.

Hymn No. 632 to 361.

Address by Mrs. G. B. Armstrong, Conference President of Woman's Missionary Society.

The reading of the Scriptural selections and the singing of what is called the Missionary Psalm were very appropriate, and the singers and readers acquitted themselves admirably.

After the promotion of Junior Class No. 1 the members were welcomed by Miss Shirley Burns, of Young People's Society, who made them welcome in a few remarks, well spoken. The President of the Society, Mrs. R. L. Vinson, also expressed the pleasure of the Society at the coming of the Juniors.

The address of the District Missionary, Mrs. Armstrong, was an exceptionally good one. She spoke fluently, earnestly and forcibly, holding the attention of her hearers throughout. She first spoke of the pleasure this visit, her first to the valley, had given her. She had heard of the people, their hospitality and their good works, and had found that they had measured beyond what she had been told. Mrs. Armstrong spoke impressively of the value of the training the young women get who belonged to and attended the various branches of the Woman's Missionary Society. Membership was helpful in various ways, she said, and she told it all in such a practical, intelligible way that her address impressed all who heard it.

She and the District Secretary, Mrs. Keith, seemed to thoroughly understand each other concerning the missionary work, and this district is fortunate in having two such officers, and they in turn are fortunate in being officers of such an able, earnest set of workers in the cause.

NORA E. KENNISON CLUB.

This club held its first meeting for the season at the home of the President, Mrs. B. M. Keith, on the afternoon of October 5th. The outlook for the year 1914-15 was discussed and much interest was manifested by all present. These weekly meetings are a source of both pleasure and profit to the members, and those who from any cause fail to attend are lost.

J. H. COOPER WINS 1<sup>ST</sup> PRIZE.

J. H. Cooper, local agent for the Singer Sewing Machine Co., has won a \$5.00 prize for selling the largest number of machines and making the best collections.—Paintsville Herald.

Mr. Cooper was at one time agent in this city.

### STATE FIELD AGENTS ARE WANTED FOR KENTUCKY.

Washington, Oct. 10.—The Department of Agriculture wants field agents to travel and collect information regarding the condition of crops, and that the initial salary for this position will be \$1,600 a year. Those desiring to take this examination will be required to submit satisfactory evidence of at least five years' practical experience in farming, and, in addition, an educational training equivalent to a four-year course in a college or university of recognized standing, or at least three years' responsible practical experience in work involving statistical methods or statistical inquiry, or experience as a State Statistical Agent in the Department of Agriculture.

### STATE S. S. CONVENTION IN LEXINGTON OCTOBER 20-23.

The Forty-ninth State Convention of the Kentucky Sunday School Association will meet in Lexington October 20-23. A splendid program is being arranged, there will be some of the best speakers in the Sunday School work, music by a great choir, conferences on all departments of Sunday School activities. There are about 4000 Sunday Schools in Kentucky and every one of these is entitled to send delegates. No money can be better spent than by coming to such a gathering and meeting the people who are doing the best things for the uplift of Kentucky. Lexington is near the center of the State and is easily reached and, outside of the convention, has many attractions for visitors. Any one who is interested in making a greater and a better Kentucky can become a delegate.

### Pleasing Entertainment at K. N. C. Auditorium

County Teachers and Pupils Given Hearty Welcome.

On the evening of October 2nd a very pleasing entertainment was given in the large auditorium of the Kentucky Normal College, in honor of the teachers and pupils who were here from the country taking part in the affair. It was arranged on rather short notice, but was nevertheless very enjoyable.

Prof. E. M. Kennison presided. The Louisa brass band opened the program and did it so well that they were compelled to respond twice to encores.

Rev. B. M. Keith offered an appropriate prayer, after which a chorus of girls, led by Miss Kate Freese, sang America and "Bob-O-Link." They received much applause. Then came two pretty drills, one by small girls and the other by larger girls, under the direction of Mrs. W. M. Byington.

Some very delightful violin solos were played by Miss Agnes Abbott, accompanied by Rev. Trent. She chose some beautiful selections of classic music and executed them with remarkable skill.

A male quartette composed of James Cain, Ora Atkins, Rev. Trent and Everett Thompson pleased the audience with two songs.

Brief addresses were made by Prof. Dorsey, of the business college, Rev. Orlus Hamilton, of the Baptist Church, and Hon. G. W. Castle. Prof. Burke, of Blaine, delivered a recitation so creditably that the audience called for a second selection, which was equally well rendered.

Hon. W. H. May, of Prestonsburg, came down Friday morning to deliver an address at this affair, but was called home that evening by illness in his family. He spoke in the afternoon to a large crowd in the court house square and his address is highly complimented by all who heard it.

The attendance was larger than the seating facilities would accommodate. The efforts of the K. N. C. people to provide a pleasant evening for the visitors and the Louisa people are appreciated by all who were fortunate enough to be present.

### Two Killed and Three Injured by Explosion

Boiler of Saw Mill Blew up Near Morehead, Rowan County.

James Patton was instantly killed, Everett Patton, his nephew, was so badly injured that he died a very short time afterwards, and M. P. Dillon and two men named Swim and Sublett were seriously, perhaps fatally injured when a boiler of a saw mill blew up at Morehead, Ky., about one mile from Morehead. The mill is the property of Mr. Dillon. The cause of the explosion could not be ascertained.

Mr. E. E. Hoss, Jr., who holds a very responsible position with the R. G. Dunn Commercial Agency, was in Louisa Thursday. He is a son of Bishop Hoss, of the M. E. Church South.

Passengers on the train for Paintsville on Wednesday of last week were greeted by a fight by contending hick-drivers. Fists and whips were used and nobody was killed.

On last Saturday afternoon, shortly before the beginning of the performance of the Kit Carson Wild West Show in this city, a difficulty occurred inside the show between Attorney W. T. Cain, of Louisa, and one of the performers, a Russian named Harlampe Palervaria, one of the Cossack riders. Blows were exchanged, and during the affray it is charged that Nathan C. Day, of this place, shot the Russian with a pistol.

The wounded man was placed in Drew Burchett's automobile and hurried to Riverview hospital for treatment. Day was arrested and taken to his home.

Shortly after the shooting one of the managers of the show, E. C. McCauley, swore out a warrant for Day's arrest, charging him with shooting and wounding with intent to kill. The warrant was issued by County Judge Clayton, who set Thursday, October 15th, for holding an examining trial and set the bond at \$1000 which was given. The Cossack died Sunday morning and the bond was raised to \$3000. Day executed the bond.

As soon as possible after he had been taken to the hospital the Russian was operated upon by Dr. York, Dr. Stambaugh, of Beaver, and Dr. Bromley assisting. The bullet had entered the man's back a little to the left of the spinal column, passed through the large end of the stomach not far from the oesophagus or "swallow," and came partly through the skin. There were also three or four cuts and bruises on the man's head and face. The two holes in the stomach were sewed up, the operation requiring much time. The patient came out from under the influence of the anesthetic all right and rallied well, but he began to sink a few hours later and died about 7:00 o'clock Sunday morning.

On Monday morning he was buried in Pine Hill cemetery, after funeral services, largely attended, conducted by the Rev. B. M. Keith at the M. E. Church South. The dead man was a member of the Orthodox Greek Church, and as such was given christian burial. He was 36 years old and had a wife and four children in Russia. He was one of the Cossack riders belonging to the show. He had a leave of eighteen months from the Russian army and the time had almost expired.

The Russian Consulate was notified by wire of the man's death soon after it occurred.

The examining trial began Thursday morning and is still in progress as the NEWS goes to press. The commonwealth called 38 witnesses and the defense about the same number.

The prosecution is represented by County Attorney C. F. See, Jr. and R. C. McClure. The attorneys for the defense are Cain, O'Neal, Sullivan, Vinson, Garred, Fulkerson, and Osborn.

Up to the noon hour the witnesses examined were Drs. York and Bromley, and a circus man named McCauley.

From the testimony of commonwealth's witnesses in the examining trial the difficulty seems to have started about as follows: Mrs. Alice Kirk, sister of W. T. Cain, had a reserved seat. On the opposite side of the tent there was another section of reserved seats. A steady rain was falling and the tent was leaking, causing many people to raise umbrellas. Mrs. Kirk said she would go across to the other seats where her brother was and get an umbrella. She proceeded to do so, but failed to ask the woman at the reserved seat entrance for a return check or ticket. When she attempted to enter the reserved seat section on duty there demanded a ticket and the other was the Cossack. Mrs. Kirk stated that she had a seat on the other side and only wanted to get an umbrella from her brother. The Cossack could speak no English, except perhaps a few words, "ticket," "quarter," etc. Mr. Cain saw that Mrs. Kirk was trying to get in and went to her, leading her into the aisle. A controversy resulted and Cain struck an American showman. The Cossack had followed several steps when Cain turned and struck him with an umbrella. He drew a small whip from his belt, according to the commonwealth's witnesses, and struck Mr. Cain. There was much confusion and the people stood up on the seats. It seems that the Russian went back to the entrance and was a short distance outside when the shot struck him. The testimony showed that the shot was fired by N. C. Day.

When the witnesses for the defense testified we will give the substance of their testimony. The defense claim, we understand, that the Russian was about to cut or stab a friend of Mr. Day and that the shot was fired to save his life.

The Commonwealth closed its case at 2:30 p. m., and the witnesses for the defense are being examined as we go to press.

## COSSACK KILLED HERE SATURDAY

Nathan C. Day Held on Charge of Firing Fatal Shot.—Examining Trial in Progress.

On last Saturday afternoon, shortly before the beginning of the performance of the Kit Carson Wild West Show in this city, a difficulty occurred inside the show between Attorney W. T. ## NEWS OF GENERAL INTEREST FROM THE WORLD AT LARGE.

### THURSDAY.

The seat of Government of Belgium has been removed from Antwerp to Ostend.

For twenty-six days the British and French allied forces and the Germans have been fighting in Northern France, and official reports from the front vouchsafe little information of the actual operations.

Masses of German cavalry have been recently near Lille, and behind them German forces moving on a line between Tourcoing and Armentieres. The forty-third German casualty list contains 10,000 names in dead, wounded and missing. Berlin also reports that the fighting on the German right wing in France has been successful, and that in the assault on Antwerp two more forts have fallen into German hands.

The situation as between the Russians and Germans and Austrians is somewhat problematical, but a very frank statement from Berlin admits that the German forces on the frontier of East Prussia have assumed a strategic defensive movement.

Speedy restoration of harmony between Gens. Carranza and Villa through open conferences at Aguascalientes was predicted in a statement issued by the Constitutional agency in Washington.

Appropriation of \$20,000,000 for rivers and harbors was announced by Congress. The Ohio river gets \$2,000,000; the Mississippi, \$3,750,000; the Cumberland below Nashville, \$210,000.

Forecast of the tobacco crop announced by the Department of Agriculture shows this year's harvest will be \$54,000,000 pounds, or equal to that of last year, despite early setbacks.

### FRIDAY.

Less than six Zeppelin dirigibles dropping bombs on Antwerp, and an air battle in which the Germans were keeping up a fire against the forts of the Belgian capital. So violent a bombardment that towns 20 miles distant are visibly shaken. It is said that King George at the head of his army has left the front.

Great damage to the city from shrapnel fire is claimed in the German official report. The Belgian field army is engaged nine miles out of Antwerp.

The Russian official statement issued last night reports the capture of three towns along the Prussian-Polish border from the Germans. It is also stated that Emperor Nicholas is close to the battle front.

It is reported that the Bulgarians have taken arms on the side of Germany and Austria. No official information.

mation on this report has been received, so it is thought merely to have been the action of Bulgarian irregulars.

Berlin yesterday confirmed the sinking of a German torpedo boat destroyed by an English submarine. It was stated that most of the crew were rescued. In official statements in Berlin as to enormous victories are classed as "lies."

Paris reports say the situation is at a stand on the battle front of the Aisne. It is claimed that operations have developed almost to the North Sea, and the French claim to have regained positions recently abandoned.

Resolutions urging President Wilson to call a world-wide conference to form an international court of last resort, with an army and navy to back it up, were adopted by the National Paint, Oil and Varnish Association.

Consular Agent Silliman has been sent to Mexico City with instructions from the Administration that this Government will take no sides in the Carranza-Villa controversy.

### SATURDAY.

In addition to the bombardment of Antwerp throughout yesterday flames did great damage to the business section of the town. It is reported that King Albert has been slightly wounded.

Berlin reports the capture of the Norwegian steamer Modig, carrying coal from England to Russia. It is also stated in the German capital that applications have been received from neutral nations for participation in the German war loan.

The Japanese have mounted siege guns at a distance of only a few miles from the three German forts at Tsing Tau and in such a position as to command the fortifications.

The Austrian general staff announce the complete breakup of the Russian invasion of Hungary.

Two French torpedo boats are said to have been in a collision in the Mediterranean, both sinking. Both crews were saved.

Newspaper publishers have protested against the section of the War Revenue Bill which requires a stamp and bill of lading on newspaper mail. The Pittsburgh publishers want the tax on sworn circulation.

A commission form of Government to govern Mexico has been suggested at the preliminary peace conference at Aguascalientes and the suggestion has been received with delight in Washington.

The War Tax Bill will be called up in the Senate today and general debate will begin.

### SUNDAY.

Antwerp and the forts surrounding the city, after having been subjected

and cause untold suffering to the modern young men. "high strung" frequently blue and girls should be helped in life—by a woman's proven successful for

Saber and lance came into play many times on the French battle-front. The town of Albert is in ruins and Roye has been swept away in the attempt of the Germans to break through the Allied lines.

The Germans are retreating from Lyck and blowing up all bridges behind them, according to advices from East Prussia. Owing to the heavy German forces thrown into Galicia the Russian plan of campaign has been changed, and all movements are being kept secret.

German re-enforcements are being rushed to the Russian front by land and by sea. In Berlin the fall of Antwerp has caused great rejoicing and the general opinion is that the surrender of this city marks the beginning of the end in favor of German arms.

No move will be made by the United States in Mexico nor will the Government be given formal recognition until Carranza guarantees to give protection to all aliens and Mexicans, regardless of their past affiliations.

Speaker Champ Clark, in his first speech in the fall campaign, praised the administration of President Wilson both for its constructive legislation and the efforts of Wilson for peace.

Secretary Bryan will devote a day to speechmaking in Central Kentucky next Thursday, entering the State at Cincinnati and winding up with a meeting in Louisville at night.

### MONDAY.

The German commander at Antwerp issued a proclamation that citizens might return to their vocations without fear of harm befalling them, and that property would be respected. The German report said little damage had been done to any except public buildings in Antwerp. Emperor William's army which besieged Antwerp is now said to be moving toward Ostend with the object of capturing King Albert and Queen Elizabeth and the Belgian officials. It is stated that the Queen already has reached England.

In addition to the Belgian and English soldiers who fled to Dutch soil after the fall of Antwerp and were interned, a newspaper dispatch says, a German division unwittingly invaded Dutch territory and was disarmed. German aeroplanes again have made a dash over Paris, dropping bombs. Four persons were killed and twenty injured and considerable damage to property was done. One missile fell on the roof of the famous Notre Dame Cathedral, setting fire to a beam in the roof. French airmen gave chase to the invaders.

In the south the Montenegrins claim to have defeated, with heavy losses, an Austrian army operating against Sarajevo.

A traveler from Belgrade reports that city almost destroyed by the continuous Austrian bombardment, but asserts that the Serbians are gamely holding out.

From the Far East the Japanese report that they have silenced Fort Litt at Kiau Chau and otherwise are gaining ground on the Germans.

The Turks are strongly fortifying various places in Syria, Palestine and North Arabia.

A news agency dispatch says that cholera is spreading over Austria-Hungary.

Three persons were killed and fourteen injured when a twenty-ton boulder, falling from a precipice, crashed into the day coach and smoker of a Denver & Rio Grande passenger train, east of Grand Junction, Colo.

Four shells from Gov. Mayorena's guns fell on American territory, and two Americans were hit by stray bullets during a renewed attack by Villa adherents on the Carranza garrison at Naco, Sonora.

### TUESDAY.

A Petrograd report announces that on October 11 a Russian armored cruiser was torpedoed in the Baltic Sea by a German submarine and sank with her crew of 568 men.

A dispatch from Vienna states that the Russians in Galicia and north of the Vistula are pursued by Austro-German troops. Many towns which a few days ago were in the hands of the Russians are now again under Austrian administration, it is stated.

A wireless from Berlin states that enormous provisions of all kinds were captured in Antwerp. The English blew up ten Antwerp forts themselves and the Belgians estimate that they lost 20,000 men in prisoners. The bombardment of Rheims has been resumed. A Russian fleet of eight large vessels was sighted in the Black Sea. It is claimed that the situation is favorable for Germany everywhere.

The French war office says that violent attacks have occurred along the front in Northern France, and that the Allies have gained ground at some points and have not lost at any place. It is claimed the Germans occupy only the suburbs of Antwerp, although the Germans say they are in complete possession.

England's need of more fighting men was emphasized by the announcement that the infantry standard has again been lowered, and an appeal made for recruits. Earl Curzon, former Viceroy of India, in a speech at a war meeting, said the taking of Antwerp was a deliberate part of the German plan; that Germany would make of it a great naval port with which to menace England, hold a grip on all Belgium and make Holland do its bidding. He predicted a long war.

Germans have taken possession of the Belgian town of Ghent. The King

### Only Sure Corn Cure Ever Known

"Gets-It" the New Way, 2 Drops Do It To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-plan corn cure,

Use "GETS-IT" for Corns and You Won't "Holler" When You Put on Your Shoes.

"GETS-IT" is the first one ever known to remove corns without fail, without pain and without trouble. This is why it is the biggest-selling corn cure in existence today. It does away with sticky tape, with plasters and cotton rings that shift their position and press down on the corn, with salves that "draw up" the toe, with "harnesses" that cause pressure and pain, with knives, razors and files, clawing and pulling at a corn. "GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shrivels, vanishes. Accept no substitute. Try it on any corn, wart, callus or bunion tonight.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Louisiana by LOUISIANA DRUG COMPANY and J. H. REYNOLDS.

And Queen of Belgium are supposed to be in Ostend, though their whereabouts are unknown.

An attack made the night of October 10 on the suburbs of Mexico City by adherents of Emiliano Zapata caused a reign of terror in the capital until yesterday, when Zapata announced that he would suspend operations pending the outcome of the conference at Aguascalientes.

Harry Woods, Secretary of State of Illinois, a Democratic Senatorial candidate at the September primary, killed himself in a garage in the rear of his home.

The Democratic State Campaign Committee announced last night that Secretary Bryan would speak at the Masonic Theater in Louisville Thursday night.

A peace commission treaty, the twenty-seventh to be negotiated by the United States, will be signed today with Ecuador.

### Hopeless Lung Trouble Cured.

Many recoveries from Lung Troubles are due to Dr. Bell's Pine-Tar-Honey. It strengthens the lungs, checks the cough and gives relief at once. Mr. W. S. Wilkins, Gates, N. C., used Dr. Bell's Pine-Tar-Honey in a case given up as hopeless and it effected a complete cure. "Get a bottle of Dr. Bell's Pine-Tar-Honey. If your cough is dry and hacking let it trickle down the throat, you will surely get relief. Only 25c. at your Druggist."

### SELECTING SEED CORN FROM MATURING CROPS.

The Chamber of Commerce in Temple, Texas, has published a bulletin urging farmers to select their seed corn from the crops now maturing. The seed, says the circular, should be chosen in the field, and never from the crib. Next year's yield will be improved if the best ears in this year's crop are selected for seed and so handled that they will germinate next spring. The seed corn should be plucked before the fall rains set in. The advice to Texas farmers, which applies as well in Kentucky, is, in part, as follows:

"Care should be taken in selecting the seed from the field to use only such ears as grow two on a stalk. The law of nature is that like produces like, and that corn growing but one ear to the stalk produces seed that will have a tendency to produce a variety of one ear to the stalk. In Texas, we now have a variety of corn that, on the whole, is producing but one ear to the stalk. This is the result of selecting seed from the crib, in which it is pointed out that the result is usually the selection of the one-ear-to-the-stalk variety."

### HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16."

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it. Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N.C. 181

"The average yield of corn in Texas for 1910 was but 20.6 bushels per acre, whereas in Connecticut, as the result of careful seed selection and improved methods of culture, the average yield was 53.2 bushels per acre."

"There is no reason why Texas soils may not by intelligent effort be made to produce as large yields of corn as are produced in any State of the Union."

Millions of dollars' profits would arise—and therefore millions of wealth would be created in Kentucky—if every farmer who grows corn would give to developing corn the attention that is given to developing blooded stock. Careful selection of seed corn is just as important as careful selection of sires for colts or calves. Yet many farmers plant scrub corn knowing what it is, and many others trust to seedmen and to luck to get the right quality, paying about four times as much per bushel for seed selected by someone else as they get for corn grown upon their own acres.

The United States Department of Agriculture will, upon application, furnish farmers with abundant free directions as to the selection of seed corn and as to the care of the corn during the winter. Instructions enabling the farmer to test the corn to find out whether it is alive and will grow are also provided. Farmers who take simple precautions against planting corn that will not sprout save themselves crop failure or the expense of replanting.

Kentucky's average is about as small as that of Texas, although there is plenty of Kentucky land that could be made to produce from fifty to seventy-five bushels an acre, and some of it will produce, under proper cultivation and by means of proper seed selection, more than 100 bushels an acre. The farmer who gets only twenty or thirty bushels from ground that will grow two or three times as much spends just as much for fencing his land, and just as much for cultivating, as if it were being made to produce the maximum. And the whole programme of scientific cultivation may be knocked into a cocked hat by planting the wrong kind of seed corn.

### BRAINS AND ELBOW GREASE.

SECRET OF APPLE GROWING. Lawrence county, Ohio, has made a reputation for apples. The Ohio State Journal, of Columbus, says:

"Of course, you observed the apple display at the State Fair. You couldn't help it. Much of it came from Lawrence county, which captured the sweepstakes. Lawrence county is a hilly region and not supremely suited for apples; but they are there by the thousands of barrels. And the secret of it is brains and elbow grease. They wanted apples and they raised them. If there was that sort of spirit all over the State, Ohio would supply all over the State. Ohio would supply the nation with apples. If we had orchards only in the waste places, we would get wealth, health and happiness and another thing that belongs to apple culture, and that is good citizenship."

Incidentally Lawrence county is taking some pains to let the world know that she is in the apple business. An apple show was given at Ironton recently, and it was extensively advertised along the Ohio Valley. Nothing succeeds so very well nowadays without advertising, and the apple growers of this Southern Ohio county did not neglect that end of their industry. They had confidence in their product and they knew that the more the country heard about it the bigger would be the demand for it at shipping time.

The Columbus paper aptly remarks that the secret of Lawrence county's success is "brains and elbow grease." A combination of that sort is hard to beat. No doubt the apple growers of Lawrence county are working together in harmony for a bigger and better crop every year and their orchards are making them prosperous. They are finding, through systematic organization, a market for every bushel of fruit they can produce, while in many sections of the country thousands of bushels of apples are rotting in waste. There are orchard owners in Kentucky who are getting practically no benefit from their fruit either because they cannot market the crop independently or because its quality is so poor that it is not worth marketing.

It requires both "brains and elbow grease" to make a success of apple growing. The orchard owners in Lawrence county have solved the problem. And there are very few of their apples going to waste.—Courier-Journal.

**ANSERS YOUR HAIR  
MAKES IT BEAUTIFUL**  
It becomes thick, wavy, lustrous and  
all dandruff disappears

Surely try a "Danderine Hair  
Cleanse" if you wish to immediately  
double the beauty of your hair. Just  
moisten a cloth with Danderine and  
draw it carefully through your hair,  
taking one small strand at a time;  
this will cleanse the hair of dust, dirt  
or any excessive oil—in a few minutes  
you will be amazed. Your hair will be  
wavy, fluffy and abundant and possess  
an incomparable softness, lustre and  
luxuriance.

Besides beautifying the hair, one ap-  
plication of Danderine dissolves every  
particle of dandruff; invigorates the  
scalp, stopping itching and falling hair.  
Danderine is to the hair what fresh  
showers of rain and sunshine are to  
vegetation. It goes right to the roots,  
invigorates and strengthens them. Its  
exhilarating, stimulating and life-pro-  
ducing properties cause the hair to  
grow long, strong and beautiful.

You can surely have pretty, soft,  
lustrous hair, and lots of it, if you will  
just get a 25 cent bottle of Knowlton's  
Danderine from any drug store or toilet  
counter and try it as directed.

**CONSUMPTION TAKES  
350 PEOPLE DAILY**  
Over 350 people succumb to con-  
sumption every day in the United States.  
Science proves that the germs only  
thrive when the system is weakened from  
colds or sickness, overwork, confining  
duties or when general weakness exists.  
The best physicians point out that  
during changing seasons the blood should  
be made rich and pure and active by tak-  
ing Scott's Emulsion after meals. The cod  
liver oil in Scott's Emulsion warms the  
body by enriching the blood; it peculiarly  
strengthens the lungs and throat, while it  
upbuilds the resistive forces of the body  
to avoid colds and prevent consumption.  
If you work indoors, tire easily, feel  
languid or nervous, Scott's Emulsion is the  
most strengthening food medicine known.  
It is totally free from alcohol or any  
stupefying drug. Avoid substitutes.

**YOU'RE CONSTIPATED,  
BILIOUS!--CASCARETS**  
To-night! Clean your bowels and end  
Headaches, Colds, Sour Stomach.

Get a 10-cent box now.  
No odds how bad your liver, stomach  
or bowels; how much your head aches,  
how miserable and uncomfortable you  
are from constipation, indigestion, bil-  
iousness and sluggish bowels—you al-  
ways get the desired results with Cas-  
carets.

Don't let your stomach, liver and  
bowels make you miserable. Take Cas-  
carets tonight, put an end to the head-  
ache, biliousness, dizziness, nervous-  
ness, sick, sour, gassy stomach, back-  
ache and all other distress; cleanse  
your inside organs of all the bile,  
gases and constipated matter which is  
producing the misery.

A 10-cent box means health, happi-  
ness and a clear head for months. No  
more days of gloom and distress if you  
will take a Cascaret now and then. All  
druggists sell Cascarets. Don't forget  
the children—their little insides need a  
gentle cleansing, too.

FOREST ROSE.

**SAYS SULPHUR DRIES  
UP ECZEMA AND STOPS  
THAT AWFUL ITCHING**  
This old time skin healer is used just  
like any cold cream.

With the first application of bold-  
sulphur the angry itching attending  
any eczema eruption ceases and its re-  
markable healing powers begin. Sul-  
phur, says a renowned dermatologist,  
just common bold-sulphur, made into  
a thick cream will soothe and heal the  
skin when irritated and broken out  
with Eczema or any form of eruption.  
The moment it is applied all itching  
ceases and after two or three applica-  
tions the Eczema disappears, leaving  
the skin clear and smooth.

He tells Eczema sufferers to get from  
any good pharmacy an ounce of bold-  
sulphur and apply it to the irritated,  
inflamed skin, the same as you would  
any cold cream.

For many years this soothing, heal-  
ing sulphur has occupied a secure po-  
sition in the treatment of cutaneous af-  
fections by reason of its parasite-de-  
stroying property. It is not only para-  
siticidal, but also antipruritic, antiseptic  
and remarkably healing in all irri-  
table and inflammatory conditions of  
the skin. While not always establish-  
ing a permanent cure it never fails to  
instantly subdue the irritation and heal  
the Eczema right up and it is often  
years later before any eruption again  
appears on the skin.

**HOISINGTON, KANSAS.**  
To the Big Sandy News:  
A long time has elapsed since I ven-  
tured a little article to our home paper,  
THE NEWS. I am glad, after I have  
written to every one whom I felt would  
care to hear from me, and getting no  
response, that I can approach the old  
home paper.

I am still in the Bright Sunflower  
State, amid prosperous and happy  
people, enjoying as much of life and  
its pleasures as is allotted to one citi-  
zen. We can boast of living in a great  
State, so prosperous and blest; while  
millions of the races are doomed in  
the war-stricken Europe. While this  
nation rejoices in its accomplishments  
and successes, still many of its citizens  
are bowed in mourning for their  
"mother country." I often hear ex-  
pressions of sympathy for Germany  
by the Germans, for Russia by the  
Russians, for England by the Eng-  
lish, and still they maintain that they  
forever will stand by the Stars and  
Stripes, and if need be, bare their  
breasts to any enemy whom a y attempt  
to invade Uncle Sam's Domain.

Our naturalized citizens are as loyal  
to the American flag as any native-  
born Kansans. The oath of allegiance  
is their most sacred document. We  
have a strong following of German,  
Russian, English and Austrian citi-  
zenship in Kansas, and they are a class  
of people who are prosperous, thrifty  
and usually very intelligent. Many of  
our very best and ablest farmers are  
German or Russian. The northeast  
section of our city is composed primar-  
ily of Germans and Russians.

"We have quite a few Greeks and  
Spanish speaking people, but they de-  
test the policies of Mexico. They seem  
to understand the modes of life and  
government in Mexico, therefore they  
denounce all that transpires in their  
"mother country."

All this foreign element dearly loves  
its beer, and I shall not be surprised if  
they elect the re-submission candidate  
for Governor, J. B. Billard. Our pres-  
ent Governor, George Hodges, is up for  
re-election on the Democratic ticket.

This is the first time the ladies  
of Kansas exercise the right of suff-  
rage, and if my wife does not vote  
as I do I'll send her back to Kentucky.  
We have several ladies pitted on both  
State and county tickets, but here is  
hoping they are all defeated. I am  
an anti-woman suffragist, and believe  
she is out of her element when she  
places politics above the home.

KENTUCKIAN.

**MAZIE.**

**STOPS HEADACHE OR  
NEURALGIA AT ONCE**  
Don't suffer! Get a 10-cent package  
of Dr. James' Headache Powders.

You can clear your head and relieve  
a dull, splitting or violent throbbing  
headache in a moment with a Dr.  
James' Headache Powder. This old-  
time headache relief acts almost magi-  
cally. Send some one to the drug store  
now for a dime package and a few mo-  
ments after you take a powder you will  
wonder what became of the headache,  
neuralgia and pain. Stop suffering—  
it's needless. Be sure you get what you  
ask for.

to her home at Columbus, O., after a  
short visit to relatives here.

Mrs. Al. Burton, of Auxier, has re-  
turned home after spending a few  
days with her parents, Mr. and Mrs.  
A. J. Thompson.

Everybody in this neighborhood who  
attended the fair were well pleased  
with it and say they are going to pre-  
pare more next year.

AUNT MARIA.

ISCH KA BIBBLE.

**EAT CABBAGE, FISH,  
SAUSAGE, NEW BREAD**  
"Pape's Diapiesin" digests food when  
stomach can't—Cures indigestion.

Do some foods you eat hit back-  
fast, good, but work badly; ferment  
into stubborn lumps and cause a sick,  
sour, gassy stomach? Mow, Mr. or  
Mrs. Dyspeptic, just this down: Pape's  
Diapiesin digests everything, leaving  
nothing to sour and upset you. There  
never was anything so safely quick, so  
certainly effective. No difference how  
badly your stomach is disordered you  
will get happy relief in five minutes,  
but what pleases you most is that it  
strengthens and regulates your stom-  
ach so you can eat your favorite foods  
without fear.

Most remedies give you relief some-  
times—they are slow, but not sure.  
"Pape's Diapiesin" is quick, positive  
and puts your stomach in a healthy  
condition so the misery won't come  
back.

You feel different as soon as "Pape's  
Diapiesin" comes in contact with the  
stomach—distress just vanishes—your  
stomach gets sweet, no gases, no belch-  
ing, no eructations of undigested food,  
your head clears and you feel fine.

Go now, make the best investment  
you ever made, by getting a large fifty-  
cent case of Pape's Diapiesin from any  
drug store. You realize in five min-  
utes how needless it is to suffer from  
indigestion, dyspepsia or any stomach  
disorder.

BLUE EYES.

**IF CHILD IS CROSS,  
FEVERISH AND  
"California Syrup of Figs."**  
Look, Mother! If tongue is coated

Children love this "fruit laxative,"  
and nothing else cleanses the tender  
stomach, liver and bowels so nicely.

A child simply will not stop playing  
to empty the bowels, and the result is,  
they become tightly clogged with waste  
liver gets sluggish, stomach sour, then  
your little one becomes cross, half-  
sick, feverish, don't eat, sleep or act  
naturally, breath is bad, system full of  
cold, has sore throat, stomach-ache or  
diarrhoea. Listen, Mother! See if  
tongue is coated, then give a teaspoon-  
ful of California Syrup of Figs., and  
in a few hours all the constipated  
waste, sour bile and undigested food  
passes out of the system, and you have  
a well, playful child again.

Millions of mothers give "California  
Syrup of Figs." because it is perfectly  
harmless; children love it, and it never  
fails to act on the stomach, liver and  
bowels.

Ask your druggist for a 50-cent bot-  
tle of "California Syrup of Figs," which  
has full directions for babies, children  
of all ages and for grown-ups plainly  
printed on the bottle. Beware of coun-  
terfeits sold here. Get the genuine,  
made by "California Fig Syrup Com-  
pany." Refuse any other kind of  
cognate.

**BRANDY KEG.**  
Church services, conducted by Rev.  
S. B. Lockhart, at McKinster chapel,  
were largely attended Sunday.

Mrs. Jesse Ward, of Alonzo, spent  
the week-end with her son and daugh-  
ter, Mr. and Mrs. C. M. Ward.

Mr. and Mrs. Allen McKay and  
daughter Exer were guests of Mr. and  
Mrs. Monroe Green last week.

Miss Blanche Ford visited Mary E.  
Harris Monday night.

Mrs. Ella Maynard called on Mrs.  
Rosamer Harris Monday.

John S. Wright was a business caller  
at C. Ward's Monday.

Dave Burchett has departed for parts  
unknown.

C. E. Harris delivered a fine address  
to the young people here Sunday, and  
demonstrated fully the care and con-  
trol of the parents over the child. The  
response by George Crager and Frank  
Stratton was also interesting.

A large crowd from Auxier attended  
church here Sunday.

Misses Lucy Nunnery and Lizzie  
Harris, Messrs. Sullivan Burton and  
Sam and Henry Wells were dinner  
guests of Misses Anna and Rhoda  
Martin Sunday.

els. Only 25c. at your Druggist.

**REVISED VERSION.**  
Permit me to make myself known.  
I am a soldier's uniform.  
I have the power to transform a man  
from a man into a slave. I am the  
symbol of lust, the badge of bondage  
and the boon companion of luxury and  
torch, and the trade mark of war.  
Without me murder would be mur-  
der; butchery butchery, and diplom-  
acy a dead letter. With me individ-  
uals perish, personality is a mockery,  
and cruelty a synonym of justice.

Women follow me in crowds. I fas-  
cinate them. They smile at me, blind  
to the knowledge that through me are  
their sorrows multiplied a thousand  
fold.

With me there can be no peace.  
Without me man is man, woman is  
woman, and God is God.—Life.

**NEW ROAD.**  
Sam Burton and Lon Hewlett will  
soon have a new road completed, and  
it will be one of the finest in Eastern  
Kentucky. H. J. Pack, of Blaine, was  
the first one to drive over it, and he  
gave them \$10, for he says they earn  
every dollar they get.

**A Nervous Wreck**  
estate transfers of the department have  
been investigating the comparative  
merits of different kinds of alfalfa  
seeds and have reached the conclusion  
that there is nothing to recommend  
the Turkistan variety for general use  
in this country. It is, they say, par-  
ticularly unsuited to the humid cli-  
mate of the east which, as a matter of  
fact, used most of the Turkistan seed  
imported into this country. This seed  
is also not sufficiently hardy to war-  
rant its general use in the upper Mis-  
sissippi Valley, where hardness is an  
important factor. The investigators,  
however, are careful to distinguish be-  
tween commercial Turkistan alfalfa  
and special strains of hardy alfalfas  
that have been developed from certain  
introductions of seed from Turkistan.  
Valuable varieties of alfalfa unques-  
tionably exist in central Russia, but  
there are at present only fitted for use  
in experimental work in breeding.

At the present time, approximately  
one-fifth of the alfalfa seed used in  
the United States is imported. Of this  
quantity practically all ninety-five  
per cent in the last twelve months  
comes from Russian Turkistan. In the  
European market, commercial whole-  
sale price is less than that of domestic  
seed. In spite of this fact, however, a  
mistaken belief in its superior quali-  
ties has resulted in raising its retail  
price to a point frequently above that  
of domestic seed. No such preference  
is shown in the alfalfa growing re-  
gions of Europe. There French seed  
is commonly considered the best, with  
Italian ranking next, and Turkistan  
last. Under these circumstances, very  
little French and Italian seed finds its  
way to the United States, the bulk of  
the importations being, as already  
stated, the cheap commercial Turkis-  
tan.

**Republicans Refuse to Support Willson**

Cicero M. Barnett, formerly surveyor of Port, Chairman of the Republican Committee, and one of the leading Republicans of the State, is bitterly opposed to Augustus E. Willson, the Republican nominee for the United States Senate. Mr. Barnett is now editor of the Hartford Republican, and he is unsparing in his condemnation of Willson, whose very name, he declares, "is an insult to every tobacco grower and every union labor man in Kentucky." Mr. Barnett accuses ex-Governor Willson of allying himself with the Tobacco Trust; charges him with enmity to the miners' union, and further states that he has no sympathy with or interest in the man who toils but trusts against the people.

Mr. Barnett is not the only Republican who refuses to support Willson for the Senate. Some of them are not as outspoken as Mr. Barnett, but many of them have rejected his requests for support and have informed him that if they had to take a hand in the campaign it would be in opposition to him. These men made possible the election of Willson to the Governorship. They contributed to his campaign fund, made speeches in his behalf and helped to bring about his election. They are now bitterly opposed to him and all his pitiful appeals have been rejected.

In concluding his editorial stating why he will not support Willson, Mr. Barnett says in the Hartford Republican:

"Having at least three times bolted his party nominees, he is still further in position to be left out by those who may have some scruples about remaining regular. He is the very least of regular. He bolted a city ticket in Louisville. He bolted Dr. Hunter and worked against his election as the Republican nominee for United States Senator. He bolted O'Rear, when he ran for Governor three years ago, and his enmity for O'Rear was brought about by a speech which O'Rear made for the tobacco growers at the celebrated meeting called by Willson at Frankfort."

**Bryan Coming to Kentucky.**

Hon. W. J. Bryan, Secretary of State will make a speech at Lexington on Thursday afternoon and another at Louisville the same night. He will be accompanied by Governor Beckham and Congressman Sherley. Mr. Bryan comes to Kentucky after a conference with President Wilson in which the national situation was thoroughly discussed. It is important that Kentucky should have two Democrats in the Senate to uphold the policies of the administration, and it is the desire of the President and Mr. Bryan that every Democrat in the State should vote the straight ticket this fall. Mr. Bryan's popularity in Kentucky is wide-spread. No other Democrat has so large a following. There are demands for his presence from all quarters of the State, and Chairman Shea of the Democratic State Campaign Committee, regrets that Mr. Bryan, by reason of engagements in other States, cannot devote more time to Kentucky.

The Democrats and many Republicans of the Tenth district are rallying to the support of F. T. Hatcher for Congress.

A vote for Beckham, Camden and Fields is a vote of endorsement for President Wilson.

the following suggestion made by Louisville Times will meet with approval: Gov. James B. McCreary, of Kentucky, will round out his term as Governor of the State only to the highest honor that can come to an American is what the friends of the Governor read in the Louisville Times. With the terrible war now going on in Europe making for universal peace and disarmament of the great powers, Gov. McCreary's dreams of world-wide concord appear to be near of realization. While a member of Congress Gov. McCreary introduced and secured the passage of the act making possible the Pan-American Peace and Arbitration League, which cemented the countries of the Western Hemisphere in a unity of amity that has had far-reaching effects for good and the uplift of these countries. The seeds of universal peace thus sown by Gov. McCreary have greatly multiplied until there is now a world-wide demand that all the nations disarm and sign a lasting peace pact. President Wilson is looked upon by all the nations as the one man to bring about this cherished end. This suggests the selection of Kentucky's distinguished Governor as the ideal and logical head of what might appropriately be named the World's Peace and Arbitration League. All Kentuckians would delight to see such a distinguished and merited honor come to Gov. McCreary as a fitting climax to his remarkable career.

United States Senators Ollie M. James and Johnson N. Camden and the Democratic Congressmen from Kentucky have notified State Campaign Chairman Rhea that they will come home immediately on the adjournment of Congress about the middle of October and take the stump for the party nominees. In their letters they say they have a message for Kentucky Democrats direct from President Wilson, and that they are eager to get home and take part in the fight for Democratic success. It is probable that Senator James and several of the Congressmen will be put in the Tenth district, where it is believed there is an excellent chance of replacing Congressman John Langley, who is a sort of combination of Progressive-standard Republican, with Tom Hatcher, the party nominee, and a sterling Democrat.—Louisville Times.

If what Judge E. C. O'Rear, formerly of the Court of Appeals, and Republican nominee for Governor against Governor McCreary, has to say about Gus Willson could be printed, it would make very lively reading. He has neither confidence nor respect for the ex-Governor and is only awaiting an opportunity to expose him. The basis for his dislike is said to be the disloyalty of Willson during the last campaign, when he never turned a hand to help the party nominee. Vigorous efforts have been made to get Judge O'Rear to take the stump for Willson, but if he does make any speeches they will not be in favor of the odious and uncertain Gus, whose unpopularity with the Republican leaders is giving his party managers much concern.

Governor Beckham is drawing great crowds wherever he has spoken, even in Republican districts his speeches have been received with great favor and hundreds of Republicans have pledged him their votes. Governor Beckham's personal following is a very large and loyal one, and they are enthusiastic over the assurance that he will represent Kentucky in the United States Senate. He will speak every day from now until the election, but he would have to speak a half dozen times a day to meet the demands that the being made upon him.

It is a waste of white paper and an imposition on the public to try to tell why Senator Camden should not be re-elected. Arguments against it are the veriest tommyrot, without sense or reason. There is no safer bet than that the people will endorse most enthusiastically Governor McCreary's action in appointing the very best man he could have chosen to succeed Senator Bradley.—Lexington Herald.

Congressman Fields will get into the campaign, immediately after the adjournment of Congress, which is expected any day. He has made an enviable record for attending to his duties and his constituents endorse his course in doing so.

It is said that in some sections of this country people have found horse flesh pretty good eating. There is some danger, however, that over indulgence in this sort of meat causes the consumer to have attacks of nightmare and clotheshorse.

Beckham and Camden are entitled to the vote of every Democrat in Kentucky, and at the same time it will be an endorsement of President Wilson that is due from every member of the party—we might truthfully say, from every good citizen.

**GONE TO PRESTONSBURG.**

Fred Dixon, of this city, has gone to Prestonsburg, where he opened a store for the purpose of conducting a first class jewelry business in all its departments. He has bought a fine stock of high grade goods, which embraces everything usually carried in a store of this kind. Mr. Dixon is an excellent jeweler and watchmaker, being a graduate of one of the best schools of watchmaking and engraving in this country. He was in the Conley jewelry store in Louisville nearly two years and gave entire satisfaction. He is a young man of sterling integrity and good habits and the NEWS recommends him to the Prestonsburg people.

**MARRIED IN OKLAHOMA CITY.**

On Saturday morning, October 10th, Mr. Henry G. Snyder, formerly of this city, was married to Miss Frances Goudelock, of Oklahoma. Shortly after the ceremony the couple left for San Antonio, Texas, for a ten days' visit. Mrs. T. J. Snyder, the groom's mother, attended the wedding.

Mr. and Mrs. Wiley G. Prater, who left their farm near this place some months ago and went to Grayson to reside, have returned and are occupying the Green Meek property near the foot of the town hill.

violent bombardment for in complete possession of the greater part of GLENN.

(W. P. Walton in Lexington Herald.)

It looks like the Democrats are going to give John Langley the fight of his life to return to Congress over Tom Hatcher, of Pikeville. Heretofore the district practically has been permitted to go Republican by default, but the people have come to the conclusion that there is no reason for Mr. Langley's uninterrupted tenure of the office and are going to show him that a Congressman should do more than get a few increases of pensions for his constituents. It has always been strange that the Democrats of the Tenth district have allowed Langley to misrepresent them so long. He is a shrewd politician, but when that is said all is said for him. He could accomplish nothing in Congress, even when his own party was in power.

On the other hand the Democratic nominee is capable and trustworthy, and would be of inestimable value to the district rich with coal, timber and ores. In addition to a Democratic opponent, Mr. Langley is opposed by a Progressive and the fact that the Progressive candidate for the United States Senate opened his campaign in the district indicates that that party is also determined to show Langley that they too are tired of his do-nothing course in Congress. If the Progressives are able to make any sort of showing Mr. Hatcher can be elected and the Tenth district redeemed. Eleven Democrats in Congress from this State would be a glorious result of the coming election and it looks like it might come to pass. There is absolutely no reason for Mr. Langley and the way the Democrats are going into the fight shows that they are determined to retire him to the shades of private life.

Neither Langley nor Powers should be given any rest from now until the election and neither should be allowed to feel sure of reading his title clear.

**THE PRESIDENT.**

The Big Sandy News calls the especial attention of its readers, Democrats and Republicans, to the following thoughtful and candid editorial which appeared last week in the Washington Post. The Post has always been recognized as a Republican paper and until recently has been extremely hostile to President Wilson and his administration:

"The American people are proud of the manner in which the President has sustained the dignity and prestige of the United States during the troublous times succeeding the outbreak of the European war.

"This mighty, free, democratic nation, peopled by men who possess full individual and political rights, with absolute freedom of opinion and with intelligence to form a correct opinion, is the only nation of the first rank in the world that is not involved in war. It is on friendly terms with all nations, and wishes to retain their friendship.

"The President has interpreted to foreign nations the true spirit of the United States. He has made plain to them the desire of this nation to maintain a policy of strict neutrality and impartial friendship, while guarding its own rights. He has shown that this nation intends to adhere scrupulously to its ancient rule of refraining from participating in the politics of Europe. He has striven to make clear the fact that the United States will continue its independent course; that it seeks no advantage at the expense of the nations now at war, and that it stands ready and anxious to use its friendly offices in behalf of peace among them all.

"The real greatness of the nation has been reflected by the words and the attitude of the President. His own achievements in behalf of the maintenance of peace between the United States and Mexico add weight to his States' The good faith of the United States as an advocate of world peace is not and cannot fairly be impugned. It is also apparent to the world that this nation is absolutely free from intrigue or double-dealing in its relations with other countries. It has no allies, it has no secret ententes, it is not playing one nation against another. It stands apart, upheld by its own independence, its free manhood, and its boundless strength. It is expressed by intelligent opinion, not by shot and shell. It has no ambitions which clash with other nations. It profits more when other nations are peaceful and prosperous.

"Americans are justly proud of the majestic figure of the United States, looming up above the world's battle clouds, serene in its own might, with good will in its heart toward every nation. They are grateful to the President for the great and simple dignity with which he has maintained the time-honored rule of Jefferson—'Peace, commerce, and honest friendship with all nations, entangling alliances with none.'"

**THE CONVICTS AND THE ROADS.**

Twenty convicts are to be detailed from the Frankfort penitentiary for work on the public roads of Lawrence county.

This will be in the nature of a double test. In the first place it is to test the constitutionality of the law enacted by the last Legislature declaring improved highway routes connecting county seats to be public works. In the next place it will be a test as to the feasibility of employing convict labor profitably in road construction in Kentucky.

The Constitution of Kentucky provides that "persons convicted of felony and sentenced to confinement in the penitentiary shall be confined at labor within the walls of the penitentiary." There is a provision also to the effect that the Legislature shall not have the power to authorize the employment of convicts elsewhere, "except upon the public works of the Commonwealth of Kentucky," or in the event of pestilence or the destruction of prison buildings.

The Legislature, in creating a system of State highways, connecting the county seats, and providing that these highways shall be the first to receive State aid, sought with very good reason to make such roads "public works of the Commonwealth." If the works of the Commonwealth stands the test of the courts there is no barrier to the employment of the convicts on the roads. The voters of the Commonwealth in one election have declared themselves in favor of a constitutional amendment to permit such employment. This election was declared in-

**MILLINERY**

In a broad range of New  
Styles for Individual  
Requirements

Modish women who often question their own judgment when choosing a hat may rest assured that the remarkably wide variety of authentic shapes and effective trimmings in this fall showing will prove of great value to them and save unnecessary loss of time, patience and money.

The latest styles are those tall, flat canottiers, put well down over the head and showing very few ornaments, a cross or paradise aigrette, one or two ostrich plumes, a little moire ribbon bow or a single flat rose or clematis, that is all.

A novelty which will certainly be welcomed by all our handsome clientele is the return of the Rembrandt hat which is so nice looking and ressy with ostrich feather or fur borders.

Fashions—colors par excellence are besides black, white and brown, navy blue, corbeau, fir green and a dark chadron which is called fakir. All these tones are combined with rose-colour which may be seen with seal brown and blue in our model collection.

DRESS HATS in velvet and hatters plush, most extreme and stylish shapes, priced from \$5.00 to \$50.00.

UNTRIMMED SHAPES in black velvet, priced from \$2.50 to \$12.00.

We wish to call your attention especially to our large assemblage of STREET HATS, comprising many smart bolero, two and three cornered shapes together with the high and tight toques, priced from \$5.00 to \$10.00.

**KENTUCKY AS A COAL STATE.**

Kentucky is one of the twelve states of the Union to establish new records as coal producing states in 1913. The records are for quality and the value of their coal productions, and in one respect—the percentage of increase—Kentucky outclassed all her eleven record-making sister states.

The coal mined in Kentucky in 1913 was 19,616,600 short tons, valued at \$29,516,749, according to Edward W. Parker of the United States Geological Survey. The increase in quantity mined amounted to 3,126,679 short tons or 19 per cent, and the value increased \$3,662,542, or 21.7 per cent. The nearest approach to these rates of increase among the other states, whose production exceeded 5,000,000 tons, was in Virginia, whose output increased 12.5 per cent in quantity and 19 per cent in value.

Nearly 80 per cent of the increase in Kentucky's production in 1913 was in the eastern counties. Letcher county led with an increase of over 800,000 tons, and Pike county stood a good second with a gain of 717,579 tons. Harlan county was third in quantity of increase, showing a gain of 417,875 tons, and Bell county fourth, with an increase of 288,461 tons.

Until 1912 the larger part of the coal produced in Kentucky was mined in the western counties, but increases aggregating more than 4,200,000 tons in the eastern counties the last two years have given the supremacy to that part of the state. In 1913 the production of coal in the eastern counties exceeded that in the western district by more than 2,500,000 tons. The average value a ton advanced from \$1.02 in 1912 to \$1.05 in 1913. The number of men employed in the Kentucky mines increased from 24,304 in 1912 to 26,332 in 1913, and the average working time from 201 to 212 working days. The average production by each man employed was 745 tons in 1913, against 679 tons in 1912 and 640 tons in 1911.

The Geological Survey finds that the increase in individual production was due in a large part, if not entirely, to the more extended use of mining machinery. In the percentage of machine mined tonnage to the total output, Kentucky ranked next to Ohio, and was second among all other states. Labor troubles in the coal mines of Kentucky were insignificant, both in 1912 and 1913. Only 1,029 mine workers were on strike in 1913 and the average time lost by them was 18 days. The accidental deaths were reduced from 51 in 1912 to 48 in 1913.—New York Times.

## MARTIN COUNTY NEWS.

The people of Inez have just witnessed an unusually stormy session of the Martin Fiscal Court. Vital and interesting questions to the taxpayers were discussed and handled in a business like and satisfactory manner. Fortunately the court is composed of broad-minded business men and farmers who are not "playing to the grandstand" and trying to gain personal applause but are fighting for the good of the people. There is not a "sore head" or "tool" in the whole court and they are therefore united and fighting together and refuse absolutely to be pitted against each other by selfish designs. They are sound men and the people's fiscal affairs are well.

The Methodist church of Inez has a new pastor, Rev. Ball. He is a man of about 60 years and is an able and likable man. With his white flaming locks, deep musical voice and sage and fatherly advice he keeps the attention of his hearers.

The Ladies Aid Society of the Methodist Church is preparing for a big "party" the same to be on Halloween night at the home of Mr. and Mrs. W. R. McCoy, of this city. An interesting and pleasant affair is anticipated.

We are informed that Mr. L. A. Dempsey, County Clerk, has succeeded in successfully adjusting the claim against the fire insurance company, involving the burning of Mr. Dempsey's building.

Jerry Muncy has put a new "rig" on the road from Inez to Peach Orchard and no one is sorry of the change. It certainly beats the old jolt wagon he has been using for months. It is now an up-to-the-minute "hack line." Any one desiring to make the trip can now do so without fear or danger. Thanks to "Jerry" folks.

"Horse swapping" Bill Little was in town Tuesday attending to legal affairs.

An immense steel bridge is being constructed over Rockcastle creek, at the town of Inez. It is being constructed for the benefit of the western side of the county, Rockhouse and Stafford Fork creek, etc. It is certainly a needed improvement and will accommodate a great number of people. The Champion Bridge Co. of Wilmington, O., has the contract.

"Bill" Parsley, who heralds the Sandman's approach for the coming men and women of Inez, by ringing of curfew each evening, stopped for a few minutes in front of the Palace hotel one night this past week before performing his arduous duty, and approaching Judge Hinkle, who was deeply buried in the contents of the Cincinnati Post, said:

"Sure was a great battle, Judge."

"Yes, indeed, sir, a hard-fought battle," replied the Judge.

"I would just like a small share of the money that is changing hands," commented Parsley.

"Well, the poor people will have to pay the greater part of it," answered the Judge, "and it is hard to tell when it will all end, and which will come out on top."

"It looks good for Boston just now," said Bill, "and when the Phillies lose with Chief Bender on the slab, it sure took the ginger out of them."

Judge Hinkle folded his paper and looking into Parsley's face with bewilderment, asked:

"Parsley, what are you talking about anyway?"

"Why, the ball game, of course; isn't that what you're talking about?"

The Judge took a step towards the curbing, and after expostulating a copious draught, said with disgust: "Pon my word, I didn't think people were so foolish when the world is horrified with the great war raging in Europe," and he slowly made his way to join the "old guard" in front of W. B. Richmond's store.

To appreciate this one should know Judge Hinkle's antipathy to baseball.

The Rev. Mr. Holcomb, of the Baptist Church, will hold a series of meetings in this city next month, beginning the 15th. Mr. Holcomb was formerly in evangelistic work but is now the pastor of a church in North Carolina.

## ROVE CREEK.

Lizny Nunley passed up our creek Sunday en route to A. J. Burton's. Tucker Vanhorn and Lizny Nunley were business callers in Ashland Saturday.

Carrie Vanhorn and Esther Burton attended the show at Louisa Saturday. Prof. Vanhorn has organized a moonlight school at Rock Ford school house. It will meet every Friday night.

Ben Vanhorn was a business caller in Louisa Saturday.

Noll Stewart, of Liverpool, O., is visiting home folks.

Frank Presley, of Brushy, was visiting his aunt Wednesday.

Tom Stump was calling on Rozella Bellomy Saturday.

Julia Bowe, who has been visiting her aunt, has returned home.

## BLACK EYES.

## NOTICE.

The recent death of my partner, Mr. John Carter, necessitates a settlement of our store business. There are quite a number of outstanding accounts due the firm, and I ask that all persons who are indebted to me or the late firm to come in at once and pay what they owe. J. P. GARTIN.

## FORFEITED LAND SALE.

### TO WHOM IT MAY CONCERN:

GOOD  
SUNDAY SCHOOL FUND.

Frankfort, Ky.—Not quite one fam-  
ily in four owns a dog, notwithstanding  
the fact that 1,734,463 of a popula-  
tion of 2,289,505 live in the country,  
according to the 1913 report of the  
State Board of Equalization; but they  
average more than one sheep to the  
family, as the 494,784 families enumer-  
ated in the Government census re-  
port have returned for 503,917 sheep.  
Every ninth dog, estimated from rec-  
ords in the Auditor's office, ate a sheep  
valued at about \$5 during the year,  
which seems to require explanation  
because the sheep assessed were  
worth less than an average of \$3 the  
head, the 503,917 being returned at  
\$1,504,383.

The country school funds are re-  
plenished from the balance left over  
in the dog tax after paying costs and  
the value of the sheep killed by dogs.  
The total accruing to the school fund  
from the dog tax in 1913 was \$18,766.69.  
The year before 127,335 dogs netted  
the schools \$46,888.95, while \$52,968.95  
went to pay for the mutton they ate.  
In a large percentage of the counties  
the dog tax has not been sufficient to  
pay for the sheep claims, and in those  
the amount in the fund was prorated,  
so that the owners received for their  
sheep killed by dogs only about what  
they were worth for purposes of taxa-  
tion.

## SUNDAY SCHOOL CONVENTION

State Association To Meet At  
Lexington On October  
20th To 23rd, 1914

### OVER ONE HUNDRED SPEAKERS

An Excellent Program Has Been Pre-  
pared and Large Attendance Expect-  
ed—Roll Call of Counties Will Be  
Interesting Feature and Every Coun-  
ty Should Be Represented.

Louisville, Ky.—(Special).—It would  
not be possible for us to give space for  
the entire program of the State Con-  
vention of the Kentucky Sunday  
School Association which will be held  
in Lexington Oct. 20-23, as it extends  
over four days, with more than twenty  
sessions and over one hundred  
speakers. Every one who is connect-  
ed with the Sunday School will find  
something of interest, something to in-  
struct and help. The pastor, the su-  
perintendent, the teacher and the pu-  
pil will all find something of special  
value. Tuesday afternoon will be given  
to Conferences as will also Thurs-  
day afternoon. Tuesday night there  
will be the welcome address by Bishop  
Lewis W. Burton of the Protestant  
Episcopal Church, followed by ad-  
dresses from the President, Chair-

Mr. C. F. Kuhlein, President Kentucky  
Sunday-school Association.

man of the Executive Committee  
and General Secretary of the  
State Association, and Rev. W.  
A. Brown, D.D., of Chicago. Wednes-  
day morning will be devoted largely to  
viewing the field with reports of work  
done and suggested plans for the fu-  
ture. Wednesday afternoon will be  
devoted to "Volunteer Service" when  
about twenty county officers from dif-  
ferent parts of the state will tell how  
things have been done. Wednesday  
evening the Treasurer of the State  
Association will tell of "A Ten Thou-  
sand Dollar Investment." Rev. W. A.  
Brown will speak again on "Three  
Great Superlatives." Thursday morn-  
ing's program will deal with "Personal  
Evangelism," "Men and the Sunday  
School," and "The Conservation of  
Youth." There will also be the roll  
call of counties with responses from  
delegates who represent the counties.  
Thursday at noon will be held the su-  
perintendent's lunch and conference.  
After the conferences on Thursday  
afternoon will come the "automo-  
bile ride" for delegates. Thursday  
night a great address at the Ben Ali

Dr. William A. Brown, Missionary Su-  
perintendent of the International  
Sunday-school Association.

Theater on "Social Hygiene," by Dr.  
Howard Kelly of Johns Hopkins Uni-  
versity. Friday morning "Temper-  
ance and Purity," "Missions" and "Our  
Youth" will be the subjects. Friday  
noon will be the lunch and conference  
for County Officers. Friday afternoon  
will be given to the consideration of  
the "Go-to-Sunday-School Day" as it  
was observed this year, what it has  
meant to the state, and how it can be  
made even more effective next year.  
There will be banquets at 6 o'clock  
for the Elementary and Secondary  
Workers. Friday night the convention  
will close with an address by Miss

Nannie Lee Frayser on "The Chal-  
enge of Young Life to the Sunday  
School," and one by Prof. J. T. Coates  
on "The Possibilities of the Country  
Sunday School." The music will be  
in charge of Prof. C. F. Croxton, Di-  
rector of Music in the Lexington Pub-  
lic Schools, who will be assisted by a  
large choir and orchestra.

## Local Arrangements.

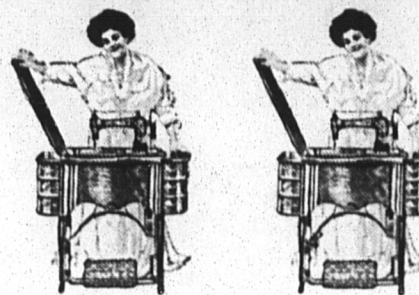

When delegates arrive in Lexington  
they will go directly to the Broadway  
Christian Church, which can be reach-  
ed by street car. There they will find  
the committee to assist them in get-  
ting located. There will be no free  
entertainment, but the committee will  
make arrangements with the hotels  
and boarding houses for the lowest  
rates possible. For information with  
regard to boarding write to Mr. Bruce  
Davis, Lexington, Ky. For railroad  
rates see the agent of your railroad  
several days before you expect to  
start. For program and further in-  
formation write to the Kentucky Sunday  
School Association, 712 Louisville  
Trust Building, Louisville, Ky.

## GREAT PREPARATIONS MADE.

Louisville.—It has been eleven years  
since Lexington had the honor of en-  
tertaining this convention and these  
years have formed a period of un-  
usual development in the Sunday-school  
world. There have been many new  
Sunday-schools organized, most of the  
schools have grown largely in the  
number of people enrolled. The schools  
have become better organized and  
have added many new departments.  
The Teacher Training Classes, the  
Organized Adult Classes, the Organ-  
ized Teen Age Classes, the Home De-  
partments and the Cradle Rolls have  
all developed into departments of the  
Sunday-schools during these years and  
each will have an important place on  
the program.

One of the interesting features of  
the State Convention of the Kentucky  
Sunday School Association to be held  
in Lexington, Oct. 20-23, will be the  
roll call of counties.

## Human Factors in Good Service

There are three parties to every tele-  
phone conversation—the party calling, the  
trained operator, and the party who answers.  
All three share alike the responsibility for  
quick and accurate telephone service.

The calling party should give the correct  
number in a distinct voice, speaking directly  
into the transmitter, and wait at the tele-  
phone until the party answers or the  
operator reports. The called party should  
answer promptly.

Patience on the part of the telephone  
user and the telephone operator is also  
essential to good service.

Mother.

"All that I am or hope to be," said Lincoln after he had become president. "I owe to my aged mother."

"My mother was the making of me," said Thomas Edison, recently. "She was so true, so sure of me and I felt that I had someone to live for, someone I must not disappoint."

"All that I have ever accomplished in life," declared Dwight L. Moody, the great evangelist, "I owe to my mother."

"To the man who has had a good mother all women are sacred for her sake," said Jean Paul Richter.

The testimony of great men in acknowledgment of the boundless debt they owe to their mothers would make a record stretching from the dawn of history to today. Few men, indeed, become great who do not owe their greatness to a mother's love and inspiration.

How often we hear people in every walk of life say "I never could have done this thing but for my mother. She believed in me, encouraged me, when others saw nothing in me."

"A kiss from my mother made me a painter," said Benjamin West.

A distinguished man of today says, "I never could have reached my present position had I not known that my mother expected me to reach it. From a child she made me feel that this was the position she expected me to fill and her faith spurred me on and gave me a power to attain it."

Many a man is enjoying a fame which is really due to a self-effacing, sacrificing mother. People hurrah for the governor or mayor or congressman but the real secret of his success is often tucked away in that little unknown, unappreciated, unheralded mother. His education and his chance to rise may have been due to her sacrifice.

It is a strange fact that our mothers, the molders of the world, should get so little credit and should be so seldom mentioned among the world's achievers. The world sees only the successful son, the mother is but a round in the ladder upon which he has climbed. Her fame or face is seldom seen in the papers; only her son is lauded and held up to our admiration. Yet it was that sweet, pathetic figure in the background that made his success possible.

There is no one in the average family, the value of whose services begins to compare with those of the mother, and yet there is no one who is more generally neglected or taken advantage of. She must remain at home

evenings and look after the children when the others are out having a good time. Her cares never cease. She is responsible for the housework for the preparation of meals; she has the children's clothes to make or mend, there is company to be entertained, darning to be done and a score of little duties which must often be attended to at odd moments, snatched from her busy days and she is often up working at night long after everyone else in the house is asleep.

.....

We are defeated in our attempts to make home cheerful and happy because we pay too much and work too hard. We task and weary ourselves so much in the attempt to collect the materials for enjoyment that they give us but little pleasure when collected. Neatness and order are excellent virtues in a family, but they can be carried to excess so as to be a daily torment to everybody in the house. The best clock has the fewest wheels and makes the least noise, and the more simple the order of our domestic life, the better and happier it will be. Live within your means. Make your dress, your house, your furniture, your style of living, such as will not subject you to struggle and anxiety to keep up appearances. Be content to set a poor table than your rich neighbor, who has a French cook, and be not ashamed of your faded carpet if you cannot afford a new one. Do not mind what the outside world says; this is your business and not theirs. Outside friends and guests must be drawn to our house, not so much by costly dinner services and lavish entertainments, as by the kind and gracious manners of those who give the invitations.

.....

It isn't the amount of religion a man has that makes him good and fit for heaven; it is the amount of his long prayers and good professions do not count, but the man who loves his fellowmen and fellow-women, who ministers to the afflicted and wears a smile for all, including his wife and children, who never smiles on Sunday or kicks the dog when he ought to kick himself, who speaks well of people when their backs are turned, and under all circumstances keeps an even mind—that man doesn't have to die to go to heaven. He gets to feeling happy all the time as the matter of habit, and he takes all the dispensation of life with philosophical satisfaction.

.....

Sweet to the human ear is the voice of approbation; dear to the human heart is the music of approving lips. Everybody has burdens, and what we need is the spirit of helpfulness, words of encouragement. We have blamed each other long enough; now let us praise.

FOREST WARDENS NAMED  
FOR DANGEROUS SEASON.

Frankfort, Ky., Oct. 16.—State Forester J. E. Barton has appointed county forest wardens for the next three months: L. W. Spencer, Lawrence; David Stephens, Magoffin; James Winn Estill, E. A. Lewis, Elliott.

State Forester Barton assigns the wardens to work up an acreage sufficient to make the organization permanently effective. The members pay dues amounting to one cent an acre, and in order to insure the association being able to meet half the expense of the patrols and cost of fighting fires, at least 100,000 acres, which would provide an annual revenue of \$1,000, are necessary.

Col. Wm. R. Musie, aged 50 years, a well known Cannonsburg farmer, and Mrs. Sophia Hatfield, aged 69, of East Fork, were married last week in Ironton, by Rev. Evans of the First M. E. Church. This is the third matrimonial venture of both the bride and groom.—Ashland Independent.

IMPORTANT TO ALL  
READERS OF THIS PAPER.

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition. Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one dollar size bottles at all drug stores.

RESOLUTIONS.

John H. Carter, ex-Sheriff, our friend and neighbor, was called from this field of labor to refreshments with his Heavenly Father on October 8th, 1914. This Providence cannot be pierced by his family and friends as to the reason, but let's hope that each of us will trust Him who knoweth the result of all His doings, and the unfolding will be made in the future place of His habitation.

SIGHT CURES THE BLIND.

Now let me sight you to the fact that I have a treatment that will positively cure Catarh. Following is a testimonial that ought to convince you.

Mr. W. D. Fitzpatrick.

Dear Sir:—I had the Catarh six years and used two \$15.00 treatments, but they only relieved me temporarily. I learned of your remedy and I only purchased a small supply and it cured me sound and well. It was in the year of 1908 and at this present writing I stand ready to make oath that if I have the Catarh of the Nasal and Head now I do not know it. Your remedy certainly must destroy every germ.

Yours respectfully,

J. H. KIRK.

FARMS FOR SALE.

OUR PURCHASE OF 7,000 ACRES  
AT A FORCED SALE.

of rich, rolling land in Scioto county, Ohio, one of the richest counties in the State, has made it possible for you to be a farm owner, at one-half cost per acre of any other like property in West Virginia, Ohio or Kentucky.

HOW OUR LANDS ARE DIVIDED.

For five months we have had engineers dividing up our 7,000 acres of land. Our tract comprising approximately 1,000 acres—a very fine stock farm—and the balance is cut into tracts of as near 40 acres each as possible.

SOME OF THE MANY ADVANTAGES  
IN THIS NEIGHBORHOOD.

Good Neighbors:—Every farm surrounding the property is highly improved, with good homes and barns, and the owners are kind, courteous, and neighborly.

Good Schools:—No child under the law is required to walk over 1½ miles. If school is farther away the School Board must provide teams to haul the children to school.

Good Churches:—Of different denominations, located not farther than two miles from any part of our property.

Fine Roads:—Well macadamized and on good grades. Fourteen miles from Bloom Switch to the paved streets of Portsmouth, O., over a fine state pike.

Two Railroads:—Baltimore & Ohio Railway and Detroit, Toledo & Ironton Railway run through the property.

No farms further than 2 miles from a railway station.

Brick, Coal and Limestone:—Brick-yards, coal and limestone operations adjoining this property offer you employment close home during the idle farm season. Ask about the coal and limestone on this property.

Grasses:—The soil is impregnated with lime and grass takes naturally, especially blue grass.

Commercial Creamery:—You can sell all of your milk to the Oak Hill Creamery every morning provided you deliver it at the railway station, and you will get your check every two weeks.

Fruit Raising:—The Horticultural Department of the Agricultural College of the State of Ohio asserts that Scioto and Lawrence counties are the two best adapted counties in the state for apple raising. Ohio is the home of the Rome Beauty Apple.

SOME FACTS ABOUT OUR 1,000  
ACRES STOCK FARM.

400 acres cleared with the following improvements.

One house, eight rooms bath, porch, and cellar, water piped into house from spring on hill.

One house, seven rooms, bath, cellar and porches, water piped into house from spring on hill.

One house, cottage, four rooms. All three in good repair, and newly painted.

Five or six log houses in fair repair, can be fixed for very little money for tenants.

One barn 56x114 feet, three stories, will stall feed 96 head of cattle, stalls already in place, with hoisting hay forks, etc.

One barn 36x50 feet. Both of the above have new roofs, on stone foundation, cedar uprights, and are in first-class condition.

One horse bar, 50x52 feet.

One general barn and tool-shed 40 x30.

One celled granary, 40x10.

Well in barn lot, and \$50 will pipe water from spring into all the barns.

Whole property well watered with streams and springs.

Macadam pike runs through the property and one mile will put you to either depot to two railroads.

HOW TO GET THERE.

Take D. T. & I. Railway from Ironton, O., or Jackson, O. Take B. & O. Railway from Portsmouth, O., or Jackson, O. Buy ticket to Bloom. Fare forty-two to fifty-five cents. Inquire for R. T. Lawson, Resident Manager, Bloom Furnace, one mile from station.

TERMS AND ADDRESS.

\$7.00 to \$25.00 per acre, your terms.

You can't duplicate it in any part of the country at our price.

This opportunity is worthy of your consideration. Make your selection early.

Farm lands are getting scarcer each year. Population is getting greater. Farm prices going higher. Better buy NOW.

A CHOICE FARM FOR SALE.

For the next 90 days I will sell my farm, suitable for corn, wheat, oats, hay, tobacco, and in fact anything that will grow in Central Kentucky. A splendid stock farm residence, good water for all purposes. Fenced so stock can come from all parts of the farm to water. Two residences, two barns, corn crib, wagon shed, buggy house, grainery and wood house; also meat house, stone cellar, and a good hen house. The best fenced farm in this part of Kentucky, with some nice timber, a splendid apple orchard of select fruit. Located on good road 1½ miles from good graded school, with term of nine months a year. Stores, church and shipping point, good neighborhood, good sale for anything that can be raised. For health there is no place that can beat this location.

Own a farm and be independent. Buy direct from owner and save large commission. This farm has 110 acres nice land to work over, not a particle of waste land. For price and full particulars write me. Any correspondence answered cheerfully. (5t-pd-10-16)

Waynesburg, Ky., R. F. No. 3.

FOR SALE, ONE HUNDRI ) GOOD  
FARMS IN OHIO.

Good roads, good soil, good markets, good schools, good churches, no negroes, and on and near the new C. & O. railroad that is to be built through here in the next two years. The survey runs over a number of the farms, and prices will go up and double in the next two years. Now if you want to buy and are ready to buy come at once. I have the goods and can suit any man. I have a number of fine stock farms for sale from 150 acres to 300 acres, priced from \$6,000 to \$12,500, well improved and well watered. So many people have fooled me lately; I drove to the station August 25 through the rain to meet a man from West Virginia and he never came. I meet the trains rain or shine. Then some have come as sightseers. I want buyers and men that mean business. The titles to these farms are genuine and there are some of the best investments in land here ever offered. I have been dealing in land for ten years and I should be able to know a deal by this time when I see it. Write me and describe what you want and what you want to pay for it; then when you say meet me, be sure and come for I will be there. I live 7 miles from the station and will meet the train you say you will be on. Always come on No. 15 on the N. & W. Ry. That gives us more time. Agents wanted in Johnson, Pike, Floyd and Martin counties, also in Boyd county. Will pay any man in these counties one-third of the commission on any farm he may send me a buyer for. Always write me three days before you start, so I can meet you.

## Attend the opening of the County's Health Campaign at the Court House Saturday Afternoon, Oct. 17th.

### OTHER SPEAKING DATES.

Dr. Steele and corps of assistants will speak at the following other places:

At Virgie on Oct. 19th and 20th.  
Heller, October 21 and 22.  
Elkhorn City, October 23 and 24.  
Mouth Card, October 26 and 27.  
Forks of Peter, October 28 and 29.  
Freeburn, October 30 and 31.  
Blackberry, November 2 and 3.  
Hardy, November 4 and 5.  
Stone, November 6 and 7.  
Meta, November 9 and 10.  
Pikeville, November 11, 12 and 13.

### HEALTH CAMPAIGN.

The Kentucky health authorities are planning an extensive health campaign throughout Eastern Kentucky, and the Fiscal Court of Pike County has made an appropriation sufficient to finance a six weeks' campaign in this county. The object of the authorities is to eradicate as far as possible the diseases of hookworm, pellagra, tuberculosis and diphtheria. The latter two of these diseases are common to this section of the State, but the former are rarely, if ever, found here. The campaign will be under the direction of Dr. M. W. Steele, of Bowling Green, bacteriologist and State Health Inspector for Eastern Kentucky, and will be assisted by Dr. Z. A. Thompson, health officer of Pike County, and Dr. Vickers, health officer of Pike County, also a corps of assistants, with microscopes and other equipment.

The campaign will open at Pikeville tomorrow afternoon, and Dr. Steele and his assistants will speak to the people on the subject of better health conditions, and examinations will be made free. Everyone is urged to request to attend. Dr. Steele and his assistants will deliver addresses and make free examinations at each point. They will visit in Pike County, and they will return to Pikeville to finish the campaign on November 11, 12 and 13.

### City Gets Antitoxin.

Acting under the orders of Council at a recent session, Dr. Thompson, city health officer, has ordered a large quantity of diphtheritic anti-toxin as a provision against the spread of diphtheria in Pikeville. This will be sold at the cost price of 50 cents per thousand units, and will be given free to those in need who are unable to pay for it. The county also has its supply.

### ALLEGED SLAYER CAUGHT.

George Belcher, a deaf mute, who is charged with the killing of his cousin, John Belcher, aged 29, was captured at Big Stone Gap, Va., by C. C. Flannery, police officer of Norton, Va., and brought to Pikeville and lodged in jail to await hearing of the charge preferred against him.

Belcher and his two brothers, Harrison and Barton, quarreled with the victim near Shelby Gap last June, it is said, and on the following day it is claimed they came upon him while he was at work; and after an exchange of a few words it is charged they opened fire on him, inflicting wounds from the effects of which he died. Harrison and Barton gave themselves up to the authorities, but George escaped and made his way into North Carolina. He was preparing to leave Big Stone Gap on his return to North Carolina during the night when officer Flannery surprised and captured him.

### PASTOR LEAVES PIKEVILLE.

Rev. C. A. Dugger, who has been acting pastor of the First Presbyterian Church at Pikeville during the past year, left Tuesday with his family for Manchester, Ky., where he has accepted the pastorate of the Presbyterian Church of that city. Mr. Dugger and family came to Pikeville one year ago to succeed the Rev. M. D. McClelland, who is at present located at Jenkins and is in charge of the new work there.

During the year of his work at Pikeville Mr. Dugger has accomplished great and lasting results in his pastoral work in placing the church on a firm and definite financial footing, and his efforts have been backed by the cordial support of the membership of the church.

An entertainment in the nature of a farewell was given by his congregation to Mr. Dugger and family at the church last Saturday evening.

### TWO HIT BY LIGHTNING.

An electrical storm did queer things here last Thursday. During the storm a discharge of lightning followed wires into the home of Alexus Coleman, deputy sheriff, who lives on Huffman Heights, and burned several feet of paper from the walls of the dining room and knocked Mrs. Coleman down. Mr. Coleman, who was going up Elm avenue, was also struck and knocked off his feet. He says his life was saved by the fact that he was late in getting home to dinner, as the chair in which he usually sits to read his noon paper was demolished.

The storm also did considerable damage to property in the country, the extent of which has not been learned.

### GOOD ROADS PROPOSED.

The Fiscal Court of Pike County met at Pikeville last Friday evening to consider means for the building of better roads in the county at once. A number of public visitors interested in this measure were present and took part in the discussion of means by which the work should be done. An agreement was reached by the court for the building of two roads as a beginning; these will be a road from Pikeville to Williamson, W. Va., and the other from Pikeville to the mouth of Peter's Creek, which will also terminate on the West Virginia line. Some controversy arose as to the means of building these roads; whether it would be preferable to employ convict labor or otherwise. Both may be used.

The importance of these roads, especially that leading to Williamson, cannot be overestimated; by this route almost all the traffic between this county and the eastern part of the county is carried on, and under present conditions hauling over this road is very slow and expensive. The other road is of less importance, but yet is sufficient to claim the attention of the court as being the second road of importance in the county. Other road work will be considered as soon as the present proposed roads have been finished.

The court, seeing the urgent need of more accurate information as to the county's area and topographical condition, has appointed a commission, consisting of County Judge H. H. Stallard, James A. Scott and J. D. Francis, to have an accurate official survey of Pike County made. This also will be done at once.

### OFFICE CLOSED AT NIGHT.

Complaint has been made to postmaster E. E. Trivette of public disturbance while the evening mail is being distributed, and pursuant to the complaint he closed the office, so that no mail can now be taken from the office at night. This is a considerable inconvenience to the public, and it would only require a public petition to have him open the office again as formerly.

### GETS \$5,000 VERDICT.

George Bridgeman, who filed suit against the Sandy Valley & Elkhorn Railway Co. for \$10,000 for alleged injuries received while he was working with a section foreman one year ago, recovered a jury verdict for \$5,000 in the Circuit Court here last Monday. Bridgeman claimed to have received an injury to the right hip from which he could not recover.

### THE MARKET STIFFENS.

There is every prospect that the market in the Sandy Valley for railway cross-ties will feel a decided encouragement within the next few weeks, and that a larger volume of business will be done in the next two years than ever before. The reason for this unusual flush in the market is that several railway companies have let contracts for several million ties, and the Mercereau-Hawkins Tie Co., of Huntington, has been awarded a large share of these contracts. Adam Venter, a cross-tie merchant at Lexington, this county, has carried a backlog of over \$100,000 yearly in ties, and his output for the next two years will be taxed to the utmost to meet the oncoming demand for ties for immediate shipment. However, the margin in this business is necessarily small, and a large volume of business is required to make small profits.

### JOSHUA WEST DEAD.

Joshua West, aged 57, and for years an ordained minister of the Methodist Church, died suddenly during a funeral service on John's Creek last Tuesday. Mr. West had been a sufferer from weakness of the heart for many years, and the end came while he was aiding in the funeral service of Uncle Thomas Pinson.

He was one of the most widely known men in Eastern Kentucky, and did ministerial work in Baptist churches in Pike, Boyd and other counties of Kentucky. One of his churches is near Catlettsburg, and he did pastoral duties quite extensively in the county. The young people of the locality were especially interested in his work, and they have expressed the greatest grief and loss by his death.

The funeral services were held at the home by Rev. Weddington of Sharrondale, on Pond Creek, and it is safe to say that the largest gathering of people who ever attended a funeral service in Pike County were present at this funeral. Pike County has indeed lost one of its foremost religious workers and citizens. He leaves a wife and nine children, of which Mr. A. H. West, Singer Sewing Machine District Manager at Pikeville, is one, and Mr. Perry West, with the same company at Jenkins, is another.

### ATTEND GRAND LODGES.

S. M. Cecil, Dr. J. H. Adkins, Dr. J. D. Meade, Clarence Polley, James Renfro, Rev. I. N. Fannin and Mack Bowles, Masons of Pikeville and members of the Royal Arch Chapter, will leave tomorrow for Louisville, where they will attend the annual meeting of the State Grand Lodge and the annual Royal Arch Chapter Tuesday, Wednesday and Thursday of next week. Dr. Meade is Worshipful Master of the Thos. C. Cecil lodge of Pikeville; Dr. Adkins is High Priest of this lodge, and will represent Pikeville at the Grand Lodge meeting, and Mr. Cecil is Grand Junior Deacon of the Grand Lodge of the State.

Mrs. A. R. Williams also left last Monday morning for Owensboro, where she represented the Owensboro Young Chapter, Order of Eastern Stars, of Pikeville, of which she is Conductress, at the annual meeting of the Kentucky Eastern Star, Grand Chapter, held in that city Tuesday of this week.

### CUPID IN PIKE.

The following four marriage certificates were issued from the office of the County Court Clerk at Pikeville during the past week:

Malcolm Syck, 21, to Miss Hattie Gilliam, 18, of Coal Run, Ky.  
Lawrence Ratcliff, 20, to Miss Flora Ratcliff, 20, Lookout, Ky.  
T. L. Justice, 40, to Miss Mary E. Adams, 35, Fishtrap, Ky.  
M. B. Adams, 18, to Miss Belva Riddle, 14, Etty, Ky.

### PRESIDING ELDER COMING.

Rev. U. V. W. Darlington, of Huntington, the new District Presiding Elder for the Ashland district of the M. E. Church South, is due to arrive at Pikeville today, and will remain until next Monday. As he has just recently been appointed by Conference to this post, this will be his first official visit to Pikeville. He will hold the quarterly conference for the Pikeville church while here.

### LOUISIA VISITORS.

J. W. Gleason, resident engineer for the C. & O. at Louisa, was here on official business last Monday. Messrs. G. B. Staley and A. C. Holbrook, also of Louisa, were business visitors to Pikeville for a few days this week.

### LOCAL AND PERSONAL.

Rev. G. J. Daniels, pastor of the Christian Church at Pikeville, went to St. Paul, Va., last week to meet Mrs. Daniels, who was on her way home to Pikeville from a short visit to her parents in Asheville, N. C.

Harry Duncan, member of the law firm of Holt, Duncan & Holt, Huntington, W. Va., was in Pikeville attending court for several days of last week.

Mrs. Roy Wilhoit spent last Friday and Saturday the guest of friends at Paintsville.

Miss Verna Childers returned last Monday from Lookout, where she had been visiting parents for several days. W. L. Ferguson and C. C. Allen, of Louisa, were business callers to Pikeville last week.

Attorney W. H. Flannery, of Catlettsburg, spent several days of last week in the Circuit Court here.

Sheriff Geo. M. Mullins was at Elkhorn City on official business last Saturday.

Dr. Z. A. Thompson left last Sunday for a professional visit to Lexington. A considerable crowd of country folk attended the western show which exhibited here last Monday.

L. L. Stone spent the day last Saturday in fishing at Elkhorn City. He had the fortune to catch a salmon 32 inches long weighing 11½ pounds.

The Kit Carson Western Shows, which exhibited here last Monday, met further reverses by losing three of their leading vaudeville players. Owing to dissatisfaction, and perhaps other considerations, these members voluntarily quit the Carson shows before a single performance had taken place here. Several other workhands also quit.

The first number of the Lyceum course was heard at the Royal Theater Wednesday evening, and a large audience was present. This was the Beulah Buck Lady Quartette, and it was very successful. The young men of Pikeville are backing this enterprise, and they ought to receive generous public encouragement. There are yet four more numbers for this city. The next will be the Chicago Glee Club in November. The city of Pikeville and three extra numbers.

The merchants of Pikeville have inaugurated a Pony Contest, by which some child of this city will find itself the proud owner of a pretty Shetland pony and carriage on January 1, 1915. The contest will be closed on the last day of this year, and a committee will count the votes, which are being cast by secret ballot.

Dr. F. C. Edgar, who has been sick for some weeks, left last Tuesday at noon for his former home at West Union, O., where he will remain until he has recovered his health. He will then resume his practice as a Doctor of Optical Surgery at Pikeville.

Miss Myrtle Polley, the youngest daughter of D. C. Polley, of Millard, Ky., was the guest of relatives in Pikeville last Monday and Tuesday.

Mr. and Mrs. John W. Kerr, former residents of Pikeville, now living at Marrowbone, were here to look after property interests last Monday and Tuesday.

T. S. Bales has been sick for several days, but is now able to be out again.

Robt. Fuller, hotel proprietor of Catlettsburg, was here for a brief visit to relatives Tuesday. Alex. Josselson and M. Thorp, also of Catlettsburg, were in Pikeville Monday.

Jasper I. Saad, photographer of Pikeville, has installed a new enlarging apparatus in his studio.

Mr. and Mrs. M. A. Dunlap, of Jenkins, have been the guests of Mrs. Dunlap's parents, Mr. and Mrs. James McCoy, at Pikeville for several days of this week.

A fiddler's contest will take place at the Emp. Theater next Friday evening, in which a prize of \$20.00 will be awarded to the best "old time fiddler." But the management of the theater will be in no wise connected with the contest, as it will be given by foreign promoters.

### LETCHER COUNTY AND WHITESBURG.

### What is Happening in this Rich Coal Territory of Kentucky.

Whitesburg, Ky., Oct. 14.—Much interest is being manifested here and in the county over the Old Fiddler's Contest which is billed to be pulled off here Saturday night, Oct. 17. Among the most noted fiddlers to take part are Wesley Combs, Henry Combs, Robt. Brashers, Billie Blair and Lee Hale, and the tunes: "Old Dan Tucker," "Sourwood Mountain," "Old Buck," "Arkansas Traveler," "Turkey in the Straw" will be played. A prize of \$20 will be given to the best player. Hazard, Jenkins and other places will have "Old Fiddler's Contests."

Floyd Day, of the Day Bros. Lumber and Coal Co., here this week, informed the NEWS correspondent that work had started on a branch line of railroad from the Mouth of King's Creek on the Lexington & Eastern railroad, up the creek about five miles to open up a rich coal and timber territory. Some large mills are to be installed there within the next few weeks. Already the work is getting well started and by the first of the year it is the hope of the promoters to have the

**YOUR attention is respectfully called to an important point not generally known, that a laxative should have a tonic element to successfully meet constipation.**

Mr. John B. Capers, of 610 Pecan St., Fort Worth, Texas, had a significant experience in this particular. He was afflicted with a severe case of constipation and bowel trouble. He spent a good deal of money in trying to find a remedy. To his astonishment, Peruna very quickly relieved him of his bad symptoms.

This happened a number of years ago. Since then, Mr. Capers states that he has had similar attacks of trouble, the prominent symptom of which is constipation, and has always found prompt and efficient relief from Peruna. He says: "Up to the time I started using your Peruna I could drink castor oil like water. It did no good. As for salts, they were of no use. Physics of all kinds and classes were used, but we had to call on the fountain syringe for help." Peruna was able to correct this condition completely in Mr. Capers' case, and there is every reason to believe that it was the tonic qualities of Peruna, added to the laxative qualities, that procured this very desirable result.

grade work completed. The extensive camel coal field of that section will also be opened up and developed. At this time Floyd Day is running a big timber operation in the Boone's Fork section around McRoberts.

Henry L. Day, good farmer of Big Cowan Creek, who fell ten days ago from an apple tree while gathering apples and received fatal wounds, is now said to be dying at his home. His family are at his bedside awaiting the end, expected at any moment.

Hon. J. Mott McDaniel, of Beattyville, made a speaking tour of Letcher county and closed the campaign here Saturday by speaking to a large number of Letcher county Democrats in the court house. Much interest was manifested. McDaniel boosted Gov. Beckham's race for the U. S. Senate, paying a glowing tribute to the matchless leader.

At Fleming ex-Gov. Augustus E. Willson refused to divide time with Mr. McDaniel and left for Jenkins, failing entirely to fill his appointment. Good interesting crowds heard Mr. McDaniel at both Fleming and Jenkins.

At Lower Rockhouse, in this county, Monday Uncle James D. Dixon, aged about 75, was married after just a few days' courtship to Mrs. Rebecca Whitaker, aged 35, widow of the late James C. Whitaker, who died a few weeks ago—thus September and May "plighted their troth." It was indeed an interesting wedding.

A hotly-contested postoffice fight came to close this week when word was received from Washington that Mr. P. H. Piersall, a merchant, had been appointed postmaster at Indian Bottom, the new town of Blacley. There were six or seven applicants and a hard fight was waged. Senator Senator Camden recommended Piersall's appointment.

Sunday was a day long to be remembered by Aunt Frankie Webb, aged 76, wife of Uncle Henry Webb, of head of River, for on that day Aunt Frankie saw and took her first ride on a train, although for about three years she has lived within two and a half miles of the Lexington & Eastern, and previous to that time lived within about 20 miles of the railroad. It was a treat of her life time. Aunt Frankie boarded the train at Kona and rode to McRoberts.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. In cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any Deafness (caused by catarrh) that cannot be cured by Hail's Catarrh Cure. Sent for circulars free.
